Profile

I am actively seeking internships and part-time job opportunities where I can leverage my strong ability to adapt quickly to new work requirements. While I may not have formal work experience, I am eager to learn and grow alongside my colleagues, embracing challenges as opportunities for development. My enthusiasm for exploring new concepts and my commitment to contributing positively to a team make me a valuable candidate for any dynamic work environment.

Education

Schooling

St.Joseph Residential School CBSE, Chennai

Finished higher secondary and senior secondary in St. Joseph Residential Schhol

Jun 2023 - Present

Bachelor's Degree, Physics

Madras Christian College

I built a strong foundation in the fundamental principles of physics, mathematical techniques, and experimental methodologies. This education has prepared me for careers in research, engineering, or further studies in the physical sciences.

Jun 2022 - May 2025

Bachelor's Degree, Psychology

University Of Madras, Institute Of Distance Education

I comprehensively understood psychological theories, research methods, and critical thinking skills. I honed my ability to apply psychological principles to real-world situations while also enhancing my communication skills and ethical awareness, preparing myself for a career or further study in psychology and related fields.

Courses

Present

Data Analyst

I am learning to design databases, extract and manipulate data, and perform complex queries to support data analysis

Present

MySQL and MongoDB

I am developing expertise in database management and query writing

Thank you for reviewing my CV. I am eager to contribute, learn and grow with the team. This CV reflects my skills, passions, and readiness for new challenges. I look forward to the possibility of working together and achieving great results. I consent to the processing of my personal data for recruitment.
